Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB697

If 18 year olds can go to war, fight for our country, and vote, then there is no reason they should not be able to possess a firearm. It's time to look at the causes of gun violence, and work on the mental issues, not the weapon. This will not fix anything, only punish law abiding 18 year old young adults. More bad policies for Oregon.
