

Submitter: Linda Miller

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3917

I was totally affected by the echo mountain fire as well as my son. Lost hotel money from being a actuated, lots of work hrs since I also work in Otis, we both suffer from ptsd and lost items due to smoke damage. It was a very scary stressful Situation for every body involved. Our chickens and cats suffered emmensly since we were not able to come out to feed and care for them. The vegetable and over gardens were ruined which we count on for half of our food. We had lots of food in our refrigerator and freezers that had spoiled and had to be thrown out.
