Measure, Appointment or Topic: SB999

I support SB 999. How can the legislature make all housing offered to a farm/ranchworker be subject to farm worker camps? It is just going to make an unnecessary hardship for both the worker and the employer. It is essential for remote agriculture employers to have a "house" for employees due to the long distance to a town or city. Please try to understand how the ag section of this state works! I support this plus amendment 1.
