Measure, Appointment or Topic: HB3884

Dear Members of the Judiciary Committee,

I am strongly against HB 3884, as it is a step in the direction of gun control.

This is a small step down the slippery slope towards regulating the innocent that would do nothing to prevent the use of guns by those experiencing psychological or depression problems, or those who would commit a crime using a gun. It is only those of us who follow the law who would be punished by trying to restrict the use or ownership of a gun.

Gun owners should not be pressured into handing over their firearms under the guise of "safety." This bill does nothing to address crime or the real causes of gun violence. Instead, it sets a dangerous precedent for future restrictions on responsible gun owners.

Oregon already has some of the most restrictive gun laws in the country. We do not need more government interference in our rights. Vote against HB 3884 and stand up for the Second Amendment, and stop trying to regulate our every move.

Thank you for your time.
