Measure, Appointment or Topic: HB2467

Dear Members of the Oregon Legislature:

I am submitting testimony in connection with MindFreedom International. I knew Janet Foner and am connected to David Oaks: both co-founders of MindFreedom. I also know a lot of psychiatric Ex-Inmates.

I am sorry there is not enough resource at this time and I think Bill 2467 is a mistake. The money would be better spent doing things that work, such as Cahoots.

Respectfully yours,

Lois Yoshishige
