SB698

Citizens that have gone through the concealed gun class and possess a concealed handgun license have the right and have earned the responsibility to have a gun on their person for protection of themselves and others. They are proven responsible, law abiding citizens and i personally feel better knowing that those people are in public with me and have the ability to protect me. Law abiding citizens are not the people committing crimes in our communities, the criminals are. They have no concern for safety. DON'T TREAD ON ME! As a citizen of the United States of America I support and defend the 2nd Ammendment as my God given right and it shall not be infringed upon!
