SB696

I oppose SB696, this ban will do nothing to stop criminals, but will turn lawful peaceful citizens into felons, with up \$250,000 fines and prison time? All because our Oregon government thinks they know what's best for it's citizens. If I want to go target shooting with a rapid fire device, I should be able to do so. This is yet another attempt at eroding of our 2nd amendment right in Oregon. That is why I oppose SB696.
