

Submitter:	Mark McGuire
On Behalf Of:	
Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	SB1154

As a rural property owner with a well for my drinking water and use on my property I'm very much against the state's decision to infringe upon my water rights and potentially restrict my use of my well water. I'm very much against putting a water meter on my well even if the state were to pay for that installation and attempt to restrict my use of water. This is extreme overreach by the state.
