I strongly oppose this bill! Water is a necessity for Oregonians! The financial impact of this bill is large, it's also a large government overreach! Leave the wells alone. Stop trying to govern how we use our water, how we store our water and how we access our water on our own private property. We the people are about fed up with these crazy bills that attempt to regulate our basic rights! Please vote against SB1154! Do better for Oregon!
