

Submitter: Shawna Hunter
On Behalf Of:
Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: SB1154

I'm am in complete opposition to SB 1154. I'm am so tired of these over reaching government entities trying to get their hands on our water rights. Democrats keep trying to find ways to tax us to death making families leave Oregon yo find refuge in other states. I bought and paid for my house and property. It is my well and my water. It is in the Oregon constitution that our property is preserved for us and shall not be taken from us for public use. We pay our taxes and it goes up every single year without fail. You never really own your property. I bought a piece of land holding onto it as an investment thinking someday I would sell it and have the needed money to retire comfortably. It is my future and my investment not yours. I've worked hard all these years and in one SB that property value goes down exponentially. I do not want meters placed on my well and required to report to ORWD. I'm conserve water on my own bc I live in this beautiful state. I self monitor. I don't need you to tell me how much to use. I will never vote for a democrat bc this what you do. You don't think about the people and how it will hurt us. I oppose this bill and I will fight this. Drop this nonsense so we can. E in peace. Shawna Hunter
