On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3372

This bill is a responsible and humanitarian response to a two prong problem:

1. Decreasing OR farm land in food production
2. Inflationary costs forcing consumers to look for increased income opportunity .

This responsible bill provides answers to both of these issues. Local, safe nutritious food for families and consumers will reduce fossil fuel use and reliance on imported food is a win, win situation
