

Submitter:	Shantel Schroeder
On Behalf Of:	
Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	SB1154

I am writing today in STRONG opposition to this bill. Maybe it is well intended, however, it can have severe consequences. Metering our well water like it is domestically treated water, is just wrong. Water is an essential part of living; a necessity. Many who live in rural areas cannot handle an added cost burden of water costs. This still further the burden of rural Oregon and even our farmers. This needs to be rethought and rewritten. I strongly urge each of you to vote NO.
