

Submitter: Jennifer Wilde

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On Human Services

Measure, Appointment or Topic: SB5526

I am providing this testimony in support of SB20 being fully funded within ODHS's budget. It is imperative that people with disabilities do not have to choose between healthcare and employment. Income restrictions infringe on the rights of employed Oregonians with disabilities to pursue career growth and leadership in the workforce. Health and employment equity is essential for every persons right to thrive.
