

Submitter: Renee Stringham

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB697

I am an 84-year-old retired medical doctor. I grew up hunting and fishing and was a very proficient shot. There is no place for a semi automatic rifle except to hunt human beings. We protect our youngsters from alcohol until the age of 21, and yet we induct them into the armed forces and teach them to use lethal weapons at 18.. Some of the young people who leave the service before 21 have been taught to kill other humans. The least we can do is prevent them from Access to semi automatic rifles. I am firmly in support of this measure.
