

Submitter: Renee Stringham

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB203

As a physician, I watched terrified women as acquaintances, relatives, or spouses obtained guns and threaten them. One case which still gives me nightmares was a woman and child who had been attacked, and whose relative was jailed. He was released without informing her, he broke into her apartment and killed them both. We must strengthen these laws so that people who are emotionally or mentally distraught do not have access to guns. I fully support this legislation.
