

Submitter: Daniel Schwartz  
On Behalf Of: SB20  
Committee: Joint Committee On Ways and Means Subcommittee On Human Services  
Measure, Appointment or Topic: SB5526

Dear Committee Co-Chairs Campos and Valderrama, and fellow members of the Joint Ways and Means Subcommittee on Human Services,

I am providing this testimony in support of SB20 being fully funded within ODHS's budget. I believe people with severe disabilities who can work but still need caregiving support from the state should be allowed to do so. I believe working people with disabilities better provide for themselves and our community when they have access to the Care they need that does not penalize them by inflicting income and asset caps.

This will directly effect my immediate family members, and several disabled friends who work full time. A working adult should be able to save more than \$5000 without risking losing all of the care and medical support they would need to survive.
