I oppose this bill. We already have lengthy wait times to buy a firearm adding an extra 72 hours will not stop crime. It only stops law abiding citizens from exercising their second amendment rights. This is especially bad for people who need to protect themselves from violent crimes, such as stalkers, domestic violence and single moms. This bill will not affect suicide rates as most people who want to commit suicide don't just think about it last minute. Its years in the making and if they want to take their own life its easy to just buy a gun from a criminal, much faster and cheaper than the lawful way. Criminals don't care about laws.
