SB696

I oppose this bill. It will not stop crime, it will only make law abiding citizens into criminals. Most people already know that you can use a belt loop as a form of a bump stock. So saying people cant have these devices will just make them use other means to get them or use things they already have to acheive the same result. Sport shooters use these for lawful activities. Stop attacking our 2nd amendment rights. You should focus on gun trafficking and mental health. A tool is not to blame for the unhealthy people you have all created by not focusing on mental health and criminals. Law abiding gun owners are not the enemy you think they are
