Measure, Appointment or Topic: HB3372

Co-chairs Helm and Owens, Vice-Chair Finger McDonald and members of the House Committee on Agriculture, Land Use, Natural Resources and Water:

My name is Elizabeth Dix and I am writing from Beaverton, OR. I am writing today to strongly support HB 3372. Currently in Oregon it is legal to water a ½ acre garden or use 5,000 gal/day for a commercial purpose, but neither of those apply to growing food and farm products for sale.

We need to be realistic about what we prioritize for water use in our state. Allowing people to grow food or farm products for sale with a gallon restriction on ½ acre will not bankrupt the system, and farming is too much work for people to rush into production on such a small scale. Allow communities the access and ability to feed and provide for themselves, and please help pass HB 3372.

Thank you,  
Elizabeth
