

Submitter: Marsha Rakestraw  
On Behalf Of:  
Committee: Senate Committee On Natural Resources and  
Wildfire  
Measure, Appointment or SB80  
Topic:

I'm writing in strong SUPPORT of SB 80.

Water is a precious resource, and SB 80 offers a crucial opportunity to protect the health and well-being of people and animals in our community.

Factory farms in Oregon are contaminating our water, such as through nitrates, and the state's existing regulations have been a huge failure in protecting people, animals, and our environment.

Establishing a moratorium on allowing new or expanded factory farms is an essential step in ensuring that humans and animals in Oregon have clean water and a healthy environment.

Please SUPPORT SB 80.

Thank you.
