

Submitter: Jack Chase

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB697

I oppose this bill as it is unconstitutional. In the eyes of the law a person in this country is a legal adult at the age of 18. As an adult they can join the nations military and be instructed to use a wide variety of weapons. Also there are MANY people in this state that choose to educate their children in responsible firearm use and safety. These people generally like to take their kids hunting starting at 12 years old as the current youth hunting laws state they can. How are youth supposed to be able to hunt if they cannot possess a firearm?
