Measure, Appointment or Topic: SB1154

I oppose SB1154. As an owner of a private well I see this bill as over stepping property owner rights. Many well owners like us, have spent thousands of dollars drilling a well, replacing pumps, and purchasing equipment to make our water safe to drink. State departments or officials coming in to manage or measure something we have invested in and purchased with our property is unjust. As a property owner we have always been aware of water usage and manage this resource carefully. Oregon is no longer a great place to live and these types of bills makes folks consider moving. Listen to the people of Oregon.
