This is government overreach to the extreme.

Oregon's government is out of control and needs some common sense individuals people with backbone and wisdom to reign in the push of foolishness that is destroying this state!

The citizens and businesses are already way overtaxed and carrying the burden of a government that cannot control it's foolish, greedy spending and desires for more power.

Home owners should not have to be taxed on well water that COMES FROM GOD - THE CREATOR OF THIS UNIVERSE - GOD PROVIDES, while fools destroy and attempt to play as a god!!

Homeowners, not the Oregon government, are the ones responsible for paying for and maintaining their wells... the greedy, unwise, marxist-endorsing state 'leaders' (which are already ruining Oregon with high crime, out of control drug usage, high homelessness, poor education standards, increased poverty) need to seek God's counsel from on High, not the evil prince of this world.

Oregon doesn't need more taxes, more regulations, more rules - we need wise, Biblically-minded, caring, courageous leaders who support ALL citizens and business owners

Heavenly Father help Oregon citizens against the rise of evil, you see and know the evil intent that resides in the hearts of those seeking to cause more harm to Oregon - you see the greedy wicked desires for more power. We are on your timeline Father, and all things are falling into place to fulfill your Word. Jesus, you will judge all for their actions, and more so for the intent to bring harm to others. Jesus let your light shine brightly within those who are yours, who are serving the citizens of Oregon - you know who they are - give them courage and boldness to do what is honoring to you. The matters of this world you see, nothing is hidden, and you are the ultimate judge of all things. Your will be done.
