

Submitter:

Adam Braatz

On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB696

I oppose this! This is far over-reaching. And by what I have seen it is intentionally quite misleading. The creation of a full auto weapon is already a felony with severe criminal charges. This bill includes devices which are currently legal and do not create a full auto weapon. The sponsors of this bill appear to have misleading and nefarious intentions. Stop violating Americans constitutional rights!
