Senate Committee On Judiciary

Measure, Appointment or Topic:

SB698

I strongly oppose this bill in harms CCL licenses. First off we shouldn't need a license to carry a handgun. It's in the constitution! We should not need permission from the state to carry a handgun. Now putting more restrictions on where we can carry it's just gonna make it harder for the people of Oregon to defend themselves. I should not have to look up and see where I'm allowed to carry or not allowed to carry. We all know Gun free-zones do not work. They do not keep anybody safe. Please just go after the criminals that break the law be hard on them not on your law abiding citizens. Thank you and have a great day.
