Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB698

I strongly opposed SB698. This is a horrible idea, what criminal would give it a second thought to pass up a gun free zone? Stop punishing law abiding citizens from being able to protect themselves, and others in the event of a shooter targeting a soft gun free zone. It's almost like you want more gun violence, not less! That is why I opposed SB698.
