Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	SB1154

I oppose SB1154 based on its overall merits as a bill. Although some points are good such as attempting to reduce pollutants from commercial industries, it is too heavy-handed for the average property and well owned as well as our valuable farming industry. It removes right of entry and water use rights that come with property. Get a better bill to address problem areas that don't crush the Oregon property owners with wells. Please vote "No" on this bill.
