SB697

I'm a Registered Democrat and a union member. Who also has had a hunting license in the state of Oregon sense the age of 9. I bird hunted tell I was 12 then have hunted basically all game species in the state sense 12 years old. If you take away young under 21 year old adults access to firearms you will no doubt hurt the future of hunting and wildlife management in the state of Oregon. If a 18 year old can die for this country then this state shouldn't have the ability to take away I right given to them by the us constitution. I do agree that young men can be irresponsible and irrational at times so maybe there should be a waiting period for under 21. But the 2nd amendment is written pretty clearly and shall not be infringed
