

Submitter: Meghan Radick

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SJR30

You have got to be kidding. Who could POSSIBLY achieve this signature-gathering goal? If you want to take away the average citizen's ability to get legislation considered, just say that. This bill is weak sauce fascism for people who don't want to admit they are fascists. I feel offended that I even need to state my opposition to this ridiculousness.
