I cannot even believe this!!! I heavily oppose this bill. The state trying to govern how I use my water. The amounts of water I use. How I store my water. Say if I can have a cistern or not. Trying to impose a meter to decide if my family well is within a proper usage....is absolutely ridiculous!! My wife and I are retired senior citizens, we own our home and rely on OUR well for water. It is hard enough to live on Social Security the way things are now, it would be a horrible hardship to have any added expenses, and impositions on OUR water rights!!

This is all Government overreach at its finest!!! I will not be told how I can or cannot use MY water. Water is literally a necessity of life! Without it my family suffers. My people suffer. I suffer.

Here is a GREAT BIG HELL NO ON SB 1154 and any other bill meant to regulate water rights and the people's livelihood!
