I strongly oppose this over reach of government control. I paid for a road to be built to an area for my well, I paid for the drilling, I paid for the ditch to run power to my well, I paid for the pump in my well, I pay the power to my well pump, I paid for the pumphouse to protect the well and power system and I will not pay the state of Oregon for using my ground water that I use to wash my face and hands!
