

Submitter: Ajax Moody
On Behalf Of: All Outdoorsmen and Women
Committee: House Committee On Climate, Energy, and Environment
Measure, Appointment or Topic: HB3846

As a registered Republican and as an avid outdoorsman/Hunter/Angler, I stand in firm opposition to HB3846 and any attempts to sell off our public lands. What we have out West is special and requires our protection. Passing this bill would significantly reshape our land management in Oregon and would be putting at risk access to the places that I hunt, fish, & hike, and would negatively impact that same public land from being available for our future generations. I stand in opposition to HB3846. Please vote no on HB 3846.
