

Submitter: Kevin Robertson

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: SJR11

I do not believe that taxing the Oregon timber industry is acceptable, it is an industry that is very subjective to timber prices and availability of timber, as well EPA impact on cost of equipment. I do not believe that pollution caused by the timber industry is justified financially compared to the cost of upgrading the equipment. I believe that using lottery dollars is the best way for firefighters for extinguishing wildfires.
