

Submitter:	David Wall
On Behalf Of:	Mr Oregon SUPPORTS HB 3729
Committee:	House Committee On Climate, Energy, and Environment
Measure, Appointment or Topic:	HB3729

I SUPPORT [HB 3729].

[HB 3729] will reduce and stabilize cremation energy costs.

[HB 3729] will use less natural gas and produce less particular matter in the smoke.

[HB 3729] does not discuss solar or wind energy systems to cremate a corpse.

David S. Wall

Mr. Oregon Concurs and says, "Who would have thought reducing the Temperature to 1600 degrees Fahrenheit would produce a finer ash than at 1800 degrees."
