Senate Committee On Judiciary

Measure, Appointment or Topic:

SB698

This is incredibly dumb and wasteful with vague language. It's been repeatedly shown that CHL holders commit almost no crimes and the "adjacent" definition here only serves to cause confusion and potentially result in police abusing this to prosecute people they don't like (e.g. the poor and non-white that already deal with increased police abuse). Stop wasting our money on junk and start tackling real issues.
