

Submitter: Anna Shadrin

On Behalf Of:

Committee: Senate Committee On Natural Resources and  
Wildfire

Measure, Appointment or Topic: SB1154

I oppose senate Bill 1154. The government should not control personal wells used for either farm or personal homes. Homeowners and farmers pay to have the well put in for thousands of dollars. Then continue to maintain and pay for well. Regulating any form of that is an over reach by the government. The water on the land belongs to the owner it is their water rights. The cost is not paid by anyone but the owner of that water right. We have a well that is used domestically and for farming we have maintained and repaired it many times. The government has not offered to cover cost for this but yet wants to add regulations to it. Water is not owned by the government. Vote no on senate bill 1154.
