

Submitter: Bob Thomas

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3542

I urge the committee to support passage of this bill. As a motorcyclist in Oregon, I believe this will provide me extra safety when encountering traffic conditions covered by this bill and I also believe it could reduce traffic congestion. My son lives in Tigard, and I visit him often on my motorcycle and the 217 freeway is a horrible freeway for motorcyclist. The sooner I could get out of the traffic jams the better for my safety.

I urge the committee to pass this bill
