compliance

preservation

strengthening

2.

the action of limiting or undermining something.

"the infringement of the right to privacy"

This bill would be a very direct infringement on our constitutional rights. If you are thinking suicide prevention you are barking up the wrong tree. More cases of suicide happen in Oregon each year by doctors intentionally writing lethal prescriptions than do from firearms. If suicide reduction is was your honest goal you wouldn't be going after our guns you would trying to stop doctors!
