Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB697

18-year-olds are old enough to vote and be sent off to foreign countries to fight battles. If you don't trust an 18 year old with a gun, then don't trust them with going to battle in wars or voting. Doesn't make any sense. I very strongly oppose this measure. You can't logically explain your way out of this.
