On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB698

Dear Sirs

Members of Senete Committee you either don't "get it" or actually don't care that criminals ignore gun control laws. All of the restrictive measures adopted anywhere in the country only affect law-abiding citizens. Honest people are inconvenienced, penalized and presumed to be guilty of crimes which haven't been committed.

I Oppose this SB698
