Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB697

Current law of 18 years old for rifle and 21 years old for pistol is enough. It should actually be 18 for both.

18 years old can join the military

17 years and 11 months can join the national guard

18 years old can vote

If the left wants to lower the voting age to 16 as they are able to comprehend laws and the impact. Understand the same logic a 16 year old should be able to purchase firearms. Oh that's too young for firearms? Democrats and hypocrisy. Like I said no need to change the current law
