

Submitter: Joel Hutchinson

On Behalf Of:

Committee: Senate Committee On Natural Resources and  
Wildfire

Measure, Appointment or Topic: SB1154

I have thousands of dollars invested in my water system on property that I developed over 25 years ago. Now the legislators who represent Metropolitan population that have no clue about what it takes to live in the country, want to charge me for water that I have already paid for and continue to pay for through maintenance and upkeep. This is just another example of government overstepping and trying to extort money for their own gain.

Stop the over reach. This is a bad bill!
