Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB698

At least 60,000 crimes are stopped by an armed defender each year.

Guns are used defensively in an estimated 1.8 million incidents annually.

Center for Justice Research in Ohio, have found that changes in concealed carry laws, including allowing permitless carry, have not led to increases in violent crime

The purpose of CHL is you don't know who is carrying and ready to protect lives.

Laws should be based on facts, not feelings and not fear.
