Measure, Appointment or Topic: SB697

My name is Eric Hibbs. I am opposed to this bill! If an 18 year old is old enough to join the military, go to war and die for their country, they are damn sure old enough to own firearms! Also, kids can start hunting at an age as early as 9 years old in this state with the Mentored Youth program and by the time they are 18 they have the better part of a decade worth of safety training and experience with firearms. I guarantee the majority of the people putting together these ridiculous bills don't have even a fraction of that level of experience with a firearm and are NOT qualified to be putting together bills when they don't have a clue of the subject matter!
