SB698

I vehemently oppose any and all unconstitutional restrictions on my God given right to protect myself with any weapon I choose. If your draconian policies somehow do the see the light of day I can guarantee you all that it will be opposed in the courts and in the streets. No one will follow them and ask yourself this, is passing this worth making thousands of Oregon citizens crooks? Not all gun owners are right wing zealots. Normal, middle of the road people are avid shooters and although not as passionate as me, they and myself do not deserve this treatment by elected officials. Stop listening to Moms Demand Action, step outside your bubbles.
