Measure, Appointment or Topic: SB697

To Oregon State Senators on the Judiciary committee, regarding SB 697

This bill is just flat out unconstitutional. 18 year olds are adults, they can get a drivers license, join the military, and in the 26th amendment to the United States Constitution, are recognized as legal adults by being granted the right to vote. To raise the age on a fundamental right, in any capacity, is to challenge the suffrage of, and the very person-hood of that individual.

Thank you for your time.
