I am writing this testimony in opposition to SB697. As Americans one of the most valuable contributes you can do as a young man or woman is sign up for our amazing military at the age of 18, which is tasked with defending our great nation. We expect these people to defend our country from foreign or domestic conflicts. We expect these people to take up arms as they have sworn to do to defend our country but we are trying to remove their constitutional right to purchase a firearm for themselves if they are under the age of 21. This bill also restricts the right for young Americans to purchase a firearm for self defence, sport shooting, and hunting which violates our great 2nd amendment.
