

Submitter: Aidan Johnson

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3542

Motorcycles are vehicles which are distinct from cars, we should stop forcing them to be driven like cars and allow them to be driven like motorcycles. Both cyclists and drivers own vehicles, stop enforcing an unjust bias against cyclists by forcing them to drive as cars do in spite of the risks inherent to stopping in front of a car as a cyclist. Allow motorcycles to be driven as is safer and more convenient.
