Measure, Appointment or Topic: SB697

This bill has already been found unconstitutional. If a 18 to 21 year old can vote join the military. Why are they being PROFILED this is PROFILING. And will affect young people of color. Please focus on the mental health crisis in this state and help lower the bar for civil commitment. I know DRO will probably raise a stink about that. How about getting to the root cause of many problems.
