

Submitter:	Ron Hyde
On Behalf Of:	Oregon permit holders
Committee:	Senate Committee On Judiciary
Measure, Appointment or Topic:	SB698

This measure is obviously self-serving and hypocritical. This bill mentions that staff wish to carry concealed weapons in a public place where weapons are not permitted. Well hallelujah, welcome to the feelings of Oregonians everywhere. You have the guts to submit a bill to protect YOU, but write bills that deny protection for ME? You need to rewrite this to include ANY person with a concealed weapons permit may carry on the premises. You never know, it may be a regular civilian that saves your life some day. Again, ammend this bill to be "inclusive" of ALL permit holders. You talk about equality, now show it.
